SUMMARY

With over 6 years of experience as a Registered Nurse, excels in patient care and treatment planning in high-stress environments. Expertise in EHR systems and hospital safety practices ensures top-quality healthcare delivery. Successfully led a team to reduce patient readmission rates by 20% through innovative care strategies.

EXPERIENCE

Registered Nurse

Midwest General Healthcare 01/2026 - Present Chicago, IL

- Coordinated with a team of healthcare professionals to ensure the effective delivery of patient-centered care across multiple departments.
- Managed patient care treatments and maintained over 95% accuracy in medical record-keeping, utilizing EHR systems such as Epic.
- Supervised a team of five junior nurses, mentoring them in patient care protocols and professional development activities.
- Administered medications and therapeutic treatments with a focus on patient safety, resulting in a 15% increase in positive patient feedback.
- Led initiative to improve infection control measures, successfully decreasing hospital infection rates significantly.

Staff Nurse

Regional Care Hospital 06/2023 - 12/2025 Chicago, IL

- Developed individualized care plans by effectively collaborating with physicians and interdisciplinary teams for comprehensive patient management.
- Performed critical patient assessments and emergency interventions in a high-stress Cardiac ICU environment.
- Educated patients and their families on health maintenance and disease prevention, achieving a 25% improvement in patient adherence to care plans.
- Worked under pressure to manage multiple patients simultaneously while maintaining high standards of care and professional communication.

Clinical Nurse

St. Joseph's Medical Center 07/2020 - 05/2023 Chicago, IL

- Provided bedside care and monitored patients' vital signs in a fast-paced surgical unit, handling critical situations with precision and care.
- Implemented safety practices and protocols, resulting in a commendable reduction in hospital-acquired infections by 10%.
- Facilitated effective communication among patients, families, and medical staff to enhance the overall patient experience.
- Engaged in continuous professional development to stay current with healthcare innovations and best practices for improved patient outcomes.
